## Welcome to CAW

The Club Ausländischer Weihenstephaner (CAW) has been supporting international students in Freising since 1939. In addition to offers that make it easier to settle in at the beginning of your studies, such as our campus tour, the weekly Stammtisch (regulars' table) offers international – but also German – students the opportunity for exchange and a friendly get-together. In addition, the CAW enriches the leisure activities in Freising with its beer and drink tastings, international film evenings, cooking evenings, hikes, excursions and much more. You can find more information on our [event page](#).

In order to better organise and manage support for international students, members of the CAW founded the 'Verein zur Förderung internationaler Studenten in Weihenstephan e.V.' (Association for the Promotion of International Students in Weihenstephan) in March 2022. As an [Alumni association for international students at the TUM School of Life Sciences](#), the association is open to all private individuals, associations and companies who wish to support international students at Weihenstephan. The association supports events of the CAW as well as other organisations that are active in this field. You can find more information [here](#).

Our homepage is currently still under construction. Until the end of September – at the beginning of the winter semester – some functions, such as the translation of the site into English and French, will be added and the content will be expanded. If you find an error or malfunction or have any suggestions for improving our new homepage, we would be happy to hear from you. Please send us an e-mail to [info@dercaw.de](mailto:info@dercaw.de)
